THE FIFTH QINGDAO MULTINATIONALS SUMMIT
第五届跨国公司领导人青岛峰会

重点招商推介项目

KEY INVESTMENT PROMOTION PROJECTS

前言

为深入学习贯彻习近平总书记视察山东重要讲话精神，落实“推进高水平对外开放上勇争先”指示要求，山东省人民政府与商务部共同举办第五届跨国公司领导人青岛峰会，链接全球跨国公司，深挖产业合作潜力，洽谈高质量合作项目，为山东“走在前、挑大梁”注入澎湃动能。

峰会关注新一轮科技革命和产业变革，聚焦山东省对外合作重点领域，关切跨国公司前瞻性诉求，坚持项目合作向“高”发力、向“新”提质，从全省对外合作重点领域优选出370个优质项目，总投资1.5万亿元，覆盖新一代信息技术、新能源、高端装备、新材料等新兴产业领域和未来产业，代表了新质生产力发展方向，是山东推进绿色低碳高质量发展的重要项目支撑，潜力巨大、前景广阔，为跨国公司在中国投资兴业打开“新蓝海”。

大道同行，和合共生。衷心期待跨国公司及海内外优秀企业选择山东、投资山东，布局山东产业升级赛道，抢抓绿色低碳发展新机遇，我们将打造一流营商环境，做好项目对接服务，常态化开展对接对话，让我们携手共进，共赢未来！

QMS

Preface

In order to thoroughly study and put into practice the guidelines from General Secretary Xi Jinping's major addresses during his visit to Shandong Province and implement Xi's instructions for vying for the forefront in advancing high-quality opening up, the Shandong Provincial People's Government and the Ministry of Commerce will jointly hold the 5th Qingdao Multinationals Summit (QMS) and gather the world's global multinationals to further tap the potential of industrial cooperation, negotiate high-quality cooperative projects, and inject more momentum into Shandong to hold the lead.

The QMS focuses on the new round of scientific and technical revolution and industrial changes, is concerned about multinationals' forward-looking demands, and insists on raising project cooperation to a higher level in both efforts and quality. On the occasion of the QMS, 370 quality projects from key areas of Shandong's foreign cooperation have been selected, with a total investment of RMB 1.5 trillion, covering emerging sectors and future industries such as new-generation IT, new energy, high-end equipment, and new materials, which represent the ways that new quality productive forces will go forward, are important supports for Shandong to promote green, low-carbon and high-quality development, boast large potential and broad prospects, and open up a "new blue sea" for multinationals to invest and start businesses in China.

We will work with multinationals and outstanding enterprises at home and abroad to foster a harmonious coexistence. We sincerely hope them choose to invest in Shandong, and we look forward to laying out an upgraded industrial track in Shandong and seizing new opportunities for green and low-carbon development with them. We will create a first-class business environment, provide good project docking services, and conduct dialogues on project docking regularly. Let's step forward together to embrace a shared future!

山东省对外合作重点领域

一、鼓励外商投资企业参与重大发展战略

- 1.鼓励外商投资企业参与我省黄河流域生态保护和高质量发展战略实施，包括黄河流域生态保护和修复、环境污染综合整治、防灾减灾能力建设、水资源集约节约利用、黄河文化资源开发、绿色低碳及特色优势产业等。
- 2.鼓励外商投资企业参与绿色低碳高质量发展，主要包括传统支柱产业绿色化高端化改造、化石能源清洁高效利用、制造业数字化转型、清洁低碳能源开发、低碳交通运输体系建设、生态系统碳汇提升、绿色建筑、绿色制造体系、循环经济、绿色低碳重大科技攻关和推广应用等。

二、鼓励外商投资企业投资基础设施建设

- 支持外商投资企业以特许经营方式参与能源、交通、水利、市政公用工程等基础设施建设。交通方面，支持外资参与重大铁路项目以及国家高速公路网、港口、省际通道、区域高速公路和疏港通道等项目建设。市政公用工程方面，支持外资参与污水处理、城市供水、垃圾处理、城市燃气、地下综合管廊、智慧城市、海绵城市等领域项目合作。能源方面，鼓励外资参与省内可再生能源、新型储能、煤电、燃气发电、电网、能源输送和储备等领域。

三、鼓励外商投资企业投资重点产业

- 1.新一代信息技术，支持外商投资企业参与5G、人工智能、大数据、物联网、区块链、网络安全等产业建设和技术攻关，打造国家数字经济创新发展示范区。
- 2.高端装备，支持外商投资企业参与智能制造、增材制造、绿色制造，强化动力装备、石油装备、轨道交通装备、工程机械、智能农机等领域产业投资，参与高端整机及核心零部件技术攻关，打造全国先进制造基地。
- 3.新能源新材料，支持外商投资企业参与推进能源技术变革，创新现代能源经济模式，聚焦壮大高分子材料、纳米新材料、高性能纤维及复合材料、高性能合金、先进陶瓷材料、稀土功能材料等产业规模，打造国家新材料研发和产业化高地。
- 4.现代海洋，支持外商投资企业参与海工装备、海洋生物医药、现代海洋牧场、海水淡化等产业建设和技术研发，打造海洋经济改革展示示范区。

Key Areas of Foreign Cooperation in Shandong Province

I. Foreign-funded enterprises are encouraged to participate in implementing major development strategies.

■ 1. Foreign-funded enterprises are encouraged to participate in the implementation of the ecological protection and high-quality development strategy of the Yellow River Basin in Shandong Province, including the ecological protection and restoration of the Yellow River Basin, the comprehensive remediation of environmental pollution, the capacity building of disaster prevention and mitigation, the intensive and economical utilization of water resources, the development of cultural resources of the Yellow River, and the development of the green and low-carbon and characteristic advantaged industries;

■ 2. Foreign-funded enterprises are encouraged to participate in green, low-carbon, and high-quality development, mainly including the green and high-end transformation of traditional pillar industries, the clean and efficient use of fossil energy, the digital transformation of the manufacturing industry, the development of clean and low-carbon energy, the construction of low-carbon transportation systems, the improvement of ecosystem carbon sinks, green buildings, green manufacturing systems, circular economy, and the research and application promotion of green and low-carbon technologies.

II. Foreign-funded enterprises are encouraged to invest in infrastructure construction.

■ Foreign-funded enterprises are supported to participate in the construction of energy, transportation, water conservancy, municipal public works and other infrastructure in the form of franchising. In terms of transportation, foreign investors are encouraged to invest in the construction of major railway projects and national highway networks, ports, inter-provincial corridors, regional expressways, and port corridors. In terms of municipal public works, foreign-funded enterprises are encouraged to invest in project cooperation in the fields of sewage treatment, urban water supply, garbage disposal, urban gas, underground comprehensive pipe gallery, smart city, and sponge city. In terms of energy, foreign-funded enterprises are encouraged to invest in the fields of renewable energy, new energy storage, coal power, gas-fired power generation, power grid, and energy transmission and storage in the province.

III. Foreign-funded enterprises are encouraged to invest in key industries.

■ 1. New-generation IT: Foreign-funded enterprises are encouraged to participate in the construction and technological research of industries such as 5G, artificial intelligence, big data, Internet of Things, blockchain, and network security, and build a national demonstration zone for the innovation and development of the digital economy.

- 5.医养健康，支持外商投资企业参与我省医疗、养老、休闲、体育等多业态融合发展，参与全国医养结合示范省、“互联网+”医疗健康示范省建设。
- 6.高端化工，支持外商投资企业参与芳烃、乙烯、石化精深加工、生物化工、新型煤化工、精细盐化工等领域产业投资。
- 7.现代高效农业，支持外商投资企业参与智慧农业、设施农业和生态农业建设，推动品种培优、品质提升、品牌打造，提升农业标准化生产和开放发展水平。
- 8.现代服务业，支持外商投资企业参与制造业模式创新，发展定制化服务、共享或协同制造、全生命周期管理、总集成总承包等服务型制造，推动“硬件+软件+服务”一体化发展。

■ 2. High-end equipment: The participation of foreign-funded enterprises in intelligent manufacturing, additive manufacturing, and green manufacturing shall be endorsed. A commitment shall be made to fortifying industrial investments in sectors such as power equipment, petroleum equipment, rail transit equipment, engineering machinery, and intelligent agricultural machinery. The objective is to engage in the development of high-end machinery and core component technologies to address critical challenges and establish a national base for advanced manufacturing.

■ 3. New energy and new materials: The engagement of foreign-funded enterprises in the revolution of energy technologies and the fostering of innovative economic paradigms within the energy sector shall be encouraged. A focus shall be maintained on enhancing the industrial capacity of polymer materials, new nanomaterials, high-performance fibers and composites, high-performance alloys, advanced ceramics, and rare earth functional materials. This initiative aims to create a national epicenter for research and development and the industrialization of new materials.

■ 4. Modern maritime economy: Support shall be extended to foreign-funded enterprises for their participation in industrial construction and technological research and development in areas such as offshore engineering equipment, marine biomedicine, modern marine ranching, and desalination. The move is to establish a reform and development demonstration zone for the maritime economy.

■ 5. Medical and health care: Foreign-funded enterprises shall be supported in their contribution to the integrated development of medical services, elderly care, leisure, sports, and related industries within Shandong Province. This collaboration is part of an initiative to build a nationally recognized demonstration province for integrated medical and elderly care services, as well as a demonstration province for "Internet +" medical and health development.

■ 6. High-end chemical industry: Foreign-funded enterprises shall be invited to partake in industrial investments in areas such as aromatics, ethylene, petrochemical deep processing, the biochemical industry, the new coal chemical industry, and the fine salt chemical industry, among others.

■ 7. Modern high-efficiency agriculture: Foreign-funded enterprises shall be granted support in their involvement with the construction of smart agriculture, facility agriculture, and ecological agriculture. This support encompasses the promotion of variety cultivation, quality enhancement, brand development, and the elevation of agricultural standardized production and development openness.

■ 8. Modern services: Foreign-funded enterprises shall be encouraged to participate in the innovation of manufacturing models, to develop service-oriented manufacturing that includes customized services, shared or collaborative manufacturing, full-lifecycle management, general integration, and general contracting. This move is to promote the integrated development of "hardware, software, and services".
